We are pleased to invite you to the online webinar “Trauma & the Administration of Justice: Integrating Research, Judicial Practice, and Court Leadership”, organized by the International Association for Court Administration (IACA), the State Judicial Administration of Ukraine, the All-Ukrainian Association of Court Employees, and the EU Project Pravo-Justice. The 90-minute session will bring together experts and court practitioners from Ukraine, Australia, and the United States to discuss psychological wellbeing, resilience, and institutional support for court staff and judges working under prolonged stress and crisis conditions. Speakers will share practical approaches to trauma-informed court management, prevention of burnout and vicarious trauma, and institutional practices aimed at supporting court personnel during wartime and other crises. The webinar will also present insights from a national Ukrainian survey on the psychological wellbeing and professional challenges faced by court staff during the war, followed by a moderated Q&A discussion.
